

MAILBOX GUIDELINES

- **Face of Mailbox:** Not less than 48" from edge of pavement.
- **Mailbox Post:** Not less than 60" from edge of pavement; must be neat and of adequate strength and size.
- **Mailbox Height:** To be 41" to 45" from drive surface level to the underside surface of the mailbox.
- **House Number:** Painted or stenciled no less than 2" high on mailbox OR post, both sides.
- **It's the homeowner's responsibility to keep the mailbox approach open:**
 - Keep driving surface passable and level with the street pavement; it should be gravel, cinders or stone (if not asphalt or concrete).
 - Keep driving surface clear of ice and snow.
